

## TCM Forklift Part

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each international business. Transporting industrial goods takes place every day on our industrious world. Primarily innovated as industrial vehicles in the 1930s in the United States of America, lift trucks gained popularity following WWII during the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these machinery spread globally.

In 1949, established by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Currently the business is simply known as TCM Corporation. Through the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation with the business. TCM began constructing lift truck manufacturing sites outside of Japan during the 1980s and is currently engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly makes various models of industrial lift trucks with over 50 years of accumulated expertise and technology, making their products recognized and used all over the world. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and intends to become a world-class leading business.
